Have your say Longstanton Village Play Facilities Drop-In

Give your views on:

- A Village Green Playground
- A new Recreation Ground Playground
- Plans for the Central Open Space

View designs from:

- Miracle Design and Play Ltd
- Wicksteed Playscapes
- Kompan Limited

Come along to the drop in session to view and have your say

Monday 9th June 2014

6pm til 7.30pm (prior to the Full Council Meeting)

Dear Parishioner

At the Parish Council meeting in April it was decided to look at redeveloping the playground on the Recreation Ground as the open spaces on Home Farm seem some time away and there is some money soon to be made available to the Council for 'community open spaces' and 'play facilities'.

Three companies have been approached to ask for designs following feedback from some parishioners. These designs will be available, along with a representative from each company, at the Village Institute on Monday 9th June at 6pm.

Please come and have your say, and provide the Council with your thoughts on the Village Green and Central Open Space areas.

Thank you

Libby White
Parish Clerk

On another note!

The Council is looking at ways to keep parishioners informed about news and events that concern your village. If you would like to be included on an email list, please email parish.clerk@longstantonvillage.org.

Finally, we are looking for people who have an interest in working on a project to look at a new community centre to replace the Pavilion. If you are interested, please email me.
