

Longstanton Wheelers

Longstanton Wheelers is a friendly cycling group for those who want to do longer rides with others.

We started last year as an offshoot of another cycling group based in Willingham. Currently we have around 15 Longstanton based cyclists of varying ability who will join our rides from time to time. Weather permitting we meet every Sunday morning for a long ride and also some weekday evenings too. For more information on the club, please see:
